

Our Mission

“RoMan Technical Staffing is committed to assisting its customers in achieving excellence through a partnership dedicated to filling their ever-changing staffing needs.”

Throughout our history RoMan has invested in the best people, equipment, and facilities to bring about continuous improvement, in both knowledge and process.

STAFFING SERVICES

RoMan Technical Staffing offers qualified personnel to fill your staffing needs.

A division of RoMan Engineering Services (RES), RoMan Technical Staffing (RTS) excels in understanding and responding to their customer’s needs for qualified personnel to meet their staffing needs. RTS is a one-stop source for contract, short/long term temporary and temp-to-hire staffing solutions.

RTS provides qualified personnel in the following areas:

Engineers:

- Controls
- Electrical
- Mechanical
- Process
- Robotics

Technicians:

- Electrical
- General Manufacturing
- Pipefitters
- Robotics
- Welding

Support Staff:

- Administrative Support
- Data Management
